

**Job: Validation & Verification Engineer for Near Field Communication (NFC) (m/f/d)**

**Location:** Graz Austria

**Start Date:** Q3 2020

**Overview**

Panthronics AG, an independent IC company with expertise in high performance NFC/RFID hardware and software solutions, is anticipating the forthcoming launch of the PTX range of differentiated NFC products. We are currently looking for outstanding people in this domain to strengthen our teams in Graz and in APAC and North America. We now require an additional experienced **Validation & Verification Engineer** in the area **of Near Field Communication (NFC)** to provide verification of IC building blocks and complete systems for NFC/RFID, Mobiles, Wearables, and IoT-Applications. This is an exciting opportunity to join a first-class team and gain a meaningful equity position within a fast-growing company.

**Tasks and responsibilities:**

- Extending and optimization of existing lab test environment for NFC devices
- Concept and Development of semi/full automated test equipment including robotics.
- Definition of Test plans based on V&V requirements for specific products.
- Development of new test cases in Java/C
- Designing new demo/evaluation boards
- Executing internal and customer lab measurements

**Profile:**

- Programming skills in Java and C (important)
- Experience in System testing
- Soldering skills
- PCB design (nice to have)
- Knowledge of NFC-Forum & EMVCo specifications (nice to have)
- Team player!
- Experience in Comprion test system (nice to have)
- 3+ years of lab experience (important)
- Technical affinity and curiosity
- Experience in test automation (important)
- Self-reliant way of working with excellent debugging skills
- Fluent in English - German skills are a plus

**Compensation**

- Salary commensurate with market based on individual person  
*This position is in accordance with the Austrian collective agreement for employees within engineering companies, employment group IV: [www.ingenieurbueros.at/verband/de/kollektivvertrag](http://www.ingenieurbueros.at/verband/de/kollektivvertrag).*
- Generous Stock Incentive program
- Variable incentive Scheme
